THE BOX is a perforated sheet metal box that allows people to define its usage. Its airy appearance brings consistency of organization to the objects stored in its compartments. Handles on both sides give it the mobility to move around. With two sizes, THE BOX can be variously arranged to fit your living or working spaces.

為提昇分辨收納品項位置的便利性以及降低視覺上的壓迫感，設計師利用特殊圓孔排列的金屬箱體表現視覺穿透感，可依個人用途需求自由組合的模組化 THE BOX 收納箱。兩種尺寸，可單獨使用當成收納箱、雜誌盒，亦可堆疊排列，依照不同空間的功能需求組合成書櫃等系統化家具。
