WIRE NUMBER is a numeral system for outdoor and indoor entrances. Inspired by the beauty of customized door numbers on old streets and downtown neon lights, WIRE NUMBER makes your entrance more recognizable, while identifying your space in a delicate and unique way. Every WIRE NUMBER is unique because of the specialized production method. After the necessary machine-made processes, skilled craftsmen bend each wire into several specific curves to form every number.

WIRE NUMBER 數字門牌是結合傳統手作工藝的美感及機械生產的效率所開發出來的門牌數字設計，可應用於戶外、室內辦公空間及旅店門號系統。設計靈感來自於歐洲古老街道上每家各自掛上的特色門牌與形形色色的霓虹燈。WIRE NUMBER 使人們在個人空間上能有多元的顏色搭配以及個性化組合，當每一個空間都能有獨特標誌時，整個空間甚至城市就會活潑有趣起來。
